
YESS – The Future

YESS has grown from an idea to a successful, high achieving centre with a positive reputation and good links with other local projects in just one year.

Having achieved recognition in a relatively short time, we now intend to build on our successes in the coming year and develop and expand our resources and facilities to meet the needs of our students.

This will be achieved in the following ways:

Obtain larger premises and employ more staff to work with the increasing number of referrals and extend our curriculum to meet the needs of the whole student.

Extend our City and Guilds curriculum to:
__offer more subjects including Web Design & Development and Art & Design
__offer a greater range of provision for differing levels of ability

Work as a permanent GCSE centre offering Mathematics, English Literature and Language and History of Art GCSEs and formally establishing separate departments and responsibilities for each of these

Improve liaisons with:

- __Local Schools and Colleges
- __Counselling Services and Health Care Providers
- __Further Education establishments
- __Employment Agencies
- __Youth Offending Teams and Social Services
- __The Karrot Project and Local Solicitors

Complete Scarman Trust Projects:

- __Stage 2nd YESS Art Exhibition
- __Write and stage pieces for performance (Christmas and next July)
- __Establish YESS Record Label
- __Release compilation CD of students' music
- __Produce music videos for songs composed & recorded by students
- __Film documentary about life on the streets
- __Publish book of YESS students' stories

Establish links with the Tate Modern, the Globe Theatre, the Royal Philharmonic Orchestra and other local or Southwark based arts initiatives for day trips and events to compliment our English, Dance and Art courses.
